*Hi .....,*

*I studied your chart with great care. Career interest, job location and growth in career is mainly seen through the analysis of Atma Karaka, Amatyakaraka, Hora lagna, 10<sup>th</sup> house in the birth chart, condition , aspects, and placement of 10<sup>th</sup> lord , 10<sup>th</sup> lord in Navansha and a detail analysis of Dashamansha aka D10 chart. I have attached D1 chart and I have studied Navansh and Dashamansh as well. It may confuse you , that's why I have not posted here.*

*Study these details carefully.*

*Your Hora Lagna is Leo. Sun is the ruler of Leo and sitting in the 8<sup>th</sup> house in the sign of leo. Sun is conjunct with Mercury and Jupiter. Sun is placed in the nakshathra of Uttar Phalguni whose ruler is also the Sun. This is a double doze to show your career interest. Leo is the 5<sup>th</sup> sign in natural zodiac and the areas ruled by Leo are creativity, self expression, self promotion, fun and entertainment. You may earn money from creative self*

*expression according to the sign of Leo. The sun is in the 8<sup>th</sup> house. The 8<sup>th</sup> house deals with hidden resources, engineering, something like ordinary people doesn't know, background information etc. The Sun is conjunct with Mercury in 8<sup>th</sup> house itself*

Sun Leo 29.19 Sun U.Phalguni 1 Sun Rah

Mer Leo 14.59 Sun P.Phalguni 1 Ven Ven

*Mercury is in the nakshathra of Purva Phalguni which is ruled by Venus, the planet of beauty, love, arts, entertainment, women and luck. Venus is your Atma Karaka too. Atmakaraka guides you to be in the ideal career for you. Mercury is logic, intellect, technology, communication and internet.*

*While I was describing this over the phone, I confirmed that you have done a course in graphic designing and you were working in that domain.*

*I can explain your career focus through many other ways also, but I think this information itself will give you a focus in your career area.*

*Now, you are going through your Sun mahadasa.*

*When you asked me the question your Mahadasa was Sun-Sun . Sun is your hora lagna, and AtmaKaraka.*

*Most of the changes in your current life is in the 8<sup>th</sup> house matters. Your personal life is going through lot of transformations. You are going through emotional stress, financial crunch, pressure from future in laws, sexual needs, and fears which are the main features of the 8<sup>th</sup> house. From 8<sup>th</sup> house the sun is looking at the 2<sup>nd</sup> house of money, self-worth, material possession and family. You are under stress to prove yourself, your family is questioning you, and you are getting unwanted expenditures, and emotionally drained. Don't worry, good times are very near.*

*Sun-Mon*

*22/05/2016*

*21/11/2016*

*During this time period ie, during your Sun-Moon dasa, you will get a new job. Actually your good time will start from the commencement of the Sun-Moon dasa. Moon is aspecting your 6<sup>th</sup> house of work place from the 12<sup>th</sup> house.*

Mon Sagittarius 04.59 Jup Mula 2 Ket Mar

*Moon is in the nakshathra of Moola whose ruler is Ketu. Look at your 6<sup>th</sup> house. You have Ketu in it. So get ready for a new beginning. Not only is that from 8th house Jupiter which is conjunct with Sun also aspecting the Moon. Jupiter is in Magha nakshathra ruled by Ketu.*

Jup Leo 07.08 Sun Magha 3 Ket Rah

*Now, there can be some career sector change in the job. Moon is mother, emotional, management, hospitality and care. During this dasa you may work in domain different from what you studied. It can be in a domain where you manage or take care of others.*

***This was your question***

***When I will get a Career Change?***

***My answer is this***

**Sun-Mon**

**22/05/2016**

**21/11/2016**

## *My suggestions for your happiness.*

*Moon is the mind, emotions and feelings in astrology.*

*Mon Sagittarius 04.59 Jup Mula 2 Ket Mar*

*Moon is in the sign of Sagittarius. Jupiter, the planet of expansion is ruling Sagittarius. Your Moon is conjunct with Rahu*

*Rah(R) Sagittarius 22.50 Jup P.Asadha 3 Ven Sat*

*Rahu is obsession, passion, aggression and rebellion in astrology. Rahu is in the sign of Sagittarius ruled by Jupiter. Jupiter is the planet of expansion and it is magnifying your thoughts.*

*So, your mind is totally under stress and your thoughts are simply getting expanded. You are swayed by your emotions, and I think you love that emotional drama. You love that victim status. You*

*enjoy that self-destructive pain. You love to live in that stress and it is haunting you. You are not making any efforts control your thoughts, which is very much possible. I really don't like those questions about your love affair. You are too consumed about the possibility of your marriage with that specific person. There are millions of love affairs and break ups happening everyday in this world. Your love affair doesn't make any difference to this world. You are displaying ultimate form of selfishness and not thinking about the well being of the society or you don't have any progressive dream about your life than spending some quality time with your lover.*

*What quality are you adding to the world? What messages are you giving to the society? What are the examples are you setting for your next generation? Please try to visit a Cancer ward, and then you will come to know how terrible and painful the reality is. You are riding in a chariot of financial security, you have good dress to wear, good food to eat, a house to live. Think about those who don't have any of these. Please come out of your selfishness and then see you becoming more free and cheerful. If not, you may fall into the pit of sorrow, created by you, yourself and will*

*never come out of it. Life will be stuck then. You are a young man and you have very bright life ahead.*

### ***You Atmakarak is Sun***

**Sun**   **Leo**   **29.19**   **Sun**   **U.Phalguni**   **1**   **Sun**   **Rah**

*It is in the nakshathra of Uttar Phalguni , ruled by Sun. Sun is ego, selfishness, pride, and self esteem in astrology. You like to keep your ego. You don't want to make adjustments in your lifestyle. If you make necessary changes, then there will be more happiness and contentment in your life.*
