Hi,

I studied your chart very carefully. It was very easy to predict even without looking the nakshathra placements. Without any doubt I will request you to take up that offer. Why because,

Now you are running through your Moon Mahadasa . You went through Moon mahadasa and Moon antar dasa. (Moon-Moon dasa)

Mon-Mon	19/03/2015	17/01/2016
---------	------------	------------

Moon Mahadasa will last for 10 years.

Your Moon-Moon dasa is for 10 months. It started in 19/03/2015 and ended in 17/01/2016. Look at your birth chart. Your Moon is in the 3rd house of short travels, technology, media, short courses, siblings, and neighbors. It is in the sign

of Cancer, ie, Moon is in its own sign. Cancer is the sign for home, homeland, mother and emotions, Moon is aspecting, ie looking at the 7th house from it. That is your 9th house of foreign travels, career development skills, studies, teaching, and spirituality. Moon is conjunct Mars in the 3rd house. Next 10 years in your life, will be more filled with local and international travels.

Now the 2nd phase in Moon Mahadasa running that is Moon mahadasa and Mars antardasa.

Mars is in conjunction with Moon in the 3rd house. Mars has 3 aspects. He aspects the 4th house, 7th house and the 8th house from itself. In your chart Mars is aspecting or influencing the 6th house of workspace, colleagues and health. Then the 9th house of long trips, career development programs, spirituality and foreign culture and the 10th house of career, social status and rulers. So you can see during this time frame. Mars is in the sign of family, home and mother. And you are getting a chance to relocate.

Mon-Mar

17/01/2016

17/08/2016

You got chance to re locate. It will bring the changes in your 6th house, 9th house and 10th house. This is one indicator to

show you that you should take up that relocation opportunity.

Another indicator

Mon-Rah

17/08/2016

16/02/2018

Look at your Moon, it is in the 3rd house and Rahu is in the 5th house. That is Rahu is 3 houses away from the Moon. Means, during Moon – Rahu period you will travel more. So even if you reject the present offer to relocate, you will soon get another. Always remember Moon is in the sign of Cancer. Cancer is the sign of home, home land, mother and emotions. You will again relocate within this Moon mahadasa. I am giving you that hint as well.

Since Mars is aspecting your work sector and office space this may an ideal time to take up that offer. When you re-locate, you should not have any high expectations about great changes in career and personal life. It will be almost like the present situation, but you may get more time for yourself and family. Your good times are near. Please wait patiently till then.

You can get back to me for further clarifications.
